INSTRUCTIONS FOR COMPLETING GARDEN BIRD SURVEYS FORMS

Count the birds you see in your garden during the week. Only count for a total of 1 hour a week. Each day record the highest number of each species that you see *at any one time*. **Do not** add together the total that you see in the day.

At the end of the week enter on the form the maximum number of each species that you have seen *at any one time*. E.g. if you recorded 1 Blue Tit on Sunday, 6 on Monday, 0 on Tuesday, 1 on Wednesday, 0 on Thursday, 3 on Friday, 3 on Saturday. **ENTER ON THE FORM - 6 Blue Tits.**

Only count birds seen using or in the case of Swallows, House Martins and Swifts etc feeding over the garden. If you are unsure of the exact count estimate the number. **Do not** enter a range (e.g. 2 – 4) or an inexact amount (e.g. 3+, several, abundant) as we can only enter whole numbers into the database.

Return the form as soon as possible after the end of the month to – Village Care, the Library or Woods Mill.
